EXPLANATION TO COUNCIL BILL NO. 2003 -

ORIGINATING DEPARTMENT: Fire Department

PURPOSE: To amend the budget of the Fire Department of the City of Springfield, Missouri for the fiscal year 2003/2004 in the amount of \$51,147.00. The increase reflects the amount awarded to the Springfield Fire Department from the FEMA Assistance to Firefighters Grant Program.

BACKGROUND: Approval to apply for and accept the grant was given by Council in May 2003. The grant is to be used for firefighter training and technical rescue equipment. The total cost of the program is \$73,066. The Fire Department will use existing funds for the required 30% matching of funds.

REMARKS: The equipment and training will be used by the rescue squads and will greatly enhance capabilities at building collapse, trench rescue, and technical rescue incidents. This is a completion of the grant process approved in Council Bill 2003-121.
